Art Unit: 2622 2627

- 1. Claims 1-3, 5-20, 22, 23, 25, 27, and 28 are pending. Claims 1, 9, 18, and 23 are independent.
- 2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. David R. Risley on October 26, 2005. Mr. Risley agreed to add continuation data with respect to the parent application, Serial No. 09/130,082, Patent No. 6,292,273, to page 1 of the specification, and the patent number 6,496,284 of the already existing Serial No. 09/588,944 to the same page.

3. Please amend the specification as follows:

Page 1, line 7, after "2000,", insert -- Patent No. 6,496,284, which is a division of application Serial No. 09/130,082, Patent No. 6,292,273, --;

line 7, after "which", change "is" to – are --.

4. The following is an examiner's statement of reasons for allowance:

Application/Control Number: 10/052,009

Art Unit: 2622 2627

The Terminal Disclaimer filed December 17, 2004 has been approved on March 23, 2005.

Independent claims 1, 9, 18, 23 as amended include limitations of claims 4, 21, 24, and 26, now canceled. Claims 4, 21 and 26 were indicated allowable if rewritten in independent form. Specifically, claim 1 includes limitation of canceled claim 4, claim 9 includes limitations of canceled claims 24 and 4, claim 18 includes limitation of canceled claim 21, and claim 23 includes limitations of canceled claims 24 and 26.

Claims 1, 9, 18, and 23 are allowable over the prior art of record because the closest prior art Anderson et al. (U.S. Patent No. 6,680,749) does not teach the features of canceled claims 4, 21, and 26 which are included in claims 1, 9, 18, and 23, in combination with other limitations of claims 1, 9, 18, and 23, respectively. More specifically, claims 1, 9, 18, and 23 each require that one of the navigation buttons as defined is used or invocated to exit from the menu when the one navigation button is selected by the user. This feature is not taught by Anderson et al. Instead of using one of the navigation buttons (410a, 410b, 411a, and 411b), Anderson et al. uses the button (414 in Fig. 5A) to exit the menu (col. 10, lines 15-18), which button (404 does not have the function of a navigation button as defined in the claim(s).

Claims 2, 3, and 5-8 depending on claim 1 are allowable for the reason given for claim 1.

Claims 10-17 depending on claim 9 are allowable for the reason given for claim 9.

Application/Control Number: 10/052,009

Art Unit: 2622 2627

Claims 19, 20, and 22 depending on claim 18 are allowable for the reason given for claim 18.

Claims 25, 27, and 28 depending on claim 23 are allowable for the reason given for claim 23.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Cheukfan Lee whose telephone number is (571) 272-7407. The examiner can normally be reached on 9:30 a.m. to 6:00 p.m., Mon-Fri.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor (currently unknown) can be reached on (currently unknown). The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
